

PROTECT 2012

Doing Business Amidst New Threats: Series 7

‘Security for Tomorrow’s World: Risks and Emergency Management’

25-26 April 2012

The Peninsula Hotel, Makati City, PHILIPPINES

2012 International Conference and Expo, Manila

Track 1 Strategic Track

Track 2 Tactical Track

In any emergency situation, there are 2 major unique roles: **strategic** and **tactical**. The PROTECT 2012 series brings together these 2 teams for an understanding of how both roles should function and how they would interact in an emergency situation. To focus on distinct roles and responsibilities, break-out sessions for strategic and tactical paths have been designed.

WEDNESDAY, 25 April 2012
